<b>00001056</b>		↓ 184		10	5,21	0,023
<b>00001056R</b>		↓ 184		10	5,21	0,023
<b>00001056B</b>		↓ 184		10	5,21	0,023
<b>00001056G</b>		↓ 184		10	5,21	0,023

## SYSTEM

Handle for TTS frames  
Ideal for a professional cleaning with the highest ergonomics

### Advantages

- **Practical:** ensures the maintenance of a correct posture during cleaning operations
- **Handy:** reduces wrist movements by 75% in comparison with traditional systems, preventing the onset of occupational injuries
- **Handy:** the handle is designed to offer 360 ° rotation, ensuring maximum ergonomics to the operator
- **Safe:** the upper twisting handle locks with a click, allowing you to rest the tool safely on the wall
- **Comfortable:** the rubber inserts ensure an effective, stable and comfortable grip
- **Ergonomic:** lightweight and adjustable in height, prevents fatigue and incorrect posture

### Compatibility

Compatible with Infinity frames
