SYSTEM

Handle with tank for no-bucket-cleaning
Ideal for hard-to-reach environments as staircases and a precise cleaning of unexpected dirt or combined with cleaning with equipments

GREEN BOX

Eco-friendly: reduces the use of chemical in comparison with traditional systems with bucket and wringer

Advantages

- **Efficient:** makes cleaning quick and easy, avoiding the complicated procedures of traditional systems
- **Compact:** easily overcomes any obstacle, cleaning conveniently even in tight spaces
- **Handy:** the handle is designed to offer 360 ° rotation, ensuring maximum ergonomics to the operator
- **Ergonomic:** reduces wrist movements by 75% in comparison with traditional systems, preventing the onset of occupational injuries
- **Practical:** ensures the maintenance of a correct posture during cleaning operations
- **Safe:** ring nut prevents accidental spillage of cleaning solution
- **Intuitive:** easy-to-use system, fast and it requires no training
- **Compliant with health protocols:** the cleaning solution is released onto the floor, chemicals are not sprayed in the air, as with nebulization occurs
