SYSTEM

Wringing system for plate wringer
Ideal for any type of dirt and surface

GREEN BOX

Eco-friendly: made of polypropylene, stainless, robust and completely recyclable

Advantages

- **Flexible:** four different wringing intensity levels
- **Efficient:** wrings 10% to 20% more than conventional wringers
- **Ergonomic:** reduces from 50% to 70% the effort required for wringing

Compatibility

To be used with flat mopping system

31/07/24

Material

Structure: polypropylene - Handle: aluminium

Packaging: [click here to see the environmental labelling of packaging](#)

Features

Adjustable thickness to increase or decrease wringing intensity

Adjustable bushing to adjust the pressure on the mop as needed

Opening to guide the frame without touching it with the hands

Handle holder to secure the tool when carrying along
