SYSTEM

No Entry' adjustable door signage
Ideal to ensure no entry in areas where operators are cleaning

Advantages

- **Stable:** suckers provide a strong grip with no damage to door surfaces
- **Functional:** easy to open and close
- **Easy to clean:** PVC material with water resistant screen printing
- **Universal:** it will fit door sizes 77cm >134cm by using its telescopic aluminium frame
- **Compact:** small in size, easy to carry around, hanged on cleaning trolley
- **Customisable:** include your company's logo with graphics, minimum order requirements

Compatibility

To be used with door sizes 77cm >134cm by using its telescopic aluminium frame

Material

Polypropylene
