Component list

cod.	Description	qty
00003311	"U" handle for Nick trolleys	1 pc
00003410	Dry bottomless wringer with adjustable rubber roll, green	1 pc
000B3501	Bucket with handle, 15 L, blue	1 pc
L030049	Single frame with wheels and bumpers, for 15, 25 and 28 L Nick trolleys, green	1 pc
S090201	Bucket holder for 15 L single Nick, grey	1 pc

SYSTEM

Single cleaning trolley with ergonomic roll wringer
Ideal for cleaning medium-large areas where it is necessary to rinse the mop

GREEN BOX

Components made with certified recycled plastic PSV - Plastic Second Life

Efficient: the 28 L bucket, made of 50% recycled plastic, has a partition to separate the cleaning solution from the rinse water

Carbon Footprint Systematic Approach: greenhouse gas emissions for each stage of the life cycle of this product have been calculated with ICMQ certified software
Quantifying the Carbon Footprint of a product (CFP) enables an environmentally conscious and responsible choice

Eco-friendly: completely made of polypropylene, non-rusting, solid and entirely recyclable

Advantages

- **Shock-resistant:** one-piece frame entirely made of plastic, guarantees lightness and strength and increased lifespan
- **Ergonomic:** Wringing with roll allows an effort reduction of 30% in comparison with traditional wringers
- **Effective:** wringing mechanism keeps constant the moistness of the mop avoiding operator's subjectivity
- **Time-saving:** with bottomless wringer rinsing and wringing take place with one single simple movement inside the wringer, saving time and effort
- **Versatile:** possibility to adjust mop's moistness thanks to the 3 different positions of the roll
- **Large:** equipped with basin to hold tools integrated into the frame
- **Easy to assemble:** without screws
- Customisable with basin to hold tools

Compatibility

Compatible with flaps system

Material

Polypropylene

Packaging: [click here to see the environmental labelling of packaging](#)

Features

The roll is adjustable in 3 different positions (position 1= very wet mop; standard position= wet mop; position 3= damp mop)
Complete with front anti-spurt panel
Equipped with a handle holder to fix the handle during transport
80 mm wheels with bumpers (already assembled to the frame)
