SYSTEM

Flat mop system with double sided frame, to be used with pre-soaking, soaking on demand with soaking station or with the convenient wringer
Ideal to be used in environments with high risk contamination

Advantages

- **Effective:** the special pierced layer grants an effective dirt collection
- **Very low friction:** fibres glide on surfaces without friction
- **Disposable:** greatest control of cross contamination
- **Time-saving:** you double the cleaned surface thanks to the flat mops with two cleaning sides
- **Touch-free:** the detaching system avoids any contact with the dirt

Material
