SYSTEM

Flat mopping system with pockets, to be used either pre-soaked, soaked on demand with soaking station or with handles with tank
Ideal for any surface and for particle dirt thanks to the high dirt collection power of yarn

GREEN BOX

Natural material deriving from low impact and recyclable production processes

Advantages

- **Efficient:** the tufting system bonds fibres to the support, granting a long life cycle to the mop
- **Increased resistance:** the double stitching at the points of greatest effort ensures a longer life to frequent use and washing
- **Maximum absorption:** the thick weave of the yarn ensures large floor coverage, saving water and detergent
- **High-performance:** the cleaning solution is evenly distributed on the floor, making cleaning easier
- **Easy:** mop changing is easy and quickly
- **Touch-free:** the detaching system avoids any contact with the dirt
- **Long durability:** pocket mops last twice as much as strap tape mops

Material

Yarn: 70% cotton, 30% polyester - Support: polyester

Packaging: [click here to see the environmental labelling of packaging](#)

Washing conditions

Guidelines for proper fibre maintenance

Follow the washing instructions (temperatures and dosage) on the laundry detergent packaging
Perform a pre-wash in cold water without laundry detergent to remove any residual product used during cleaning operations

Recommended use of professional textile laundry detergent

Do not use fabric softener

Do not use laundry detergents with Ph > 11

The use of laundry nets is recommended to speed up and make laundry operations more hygienic

Specific mop instructions

Washing temperature max 95 ° C, recommended 60 °

Bleaching possible, do not use chlorine

Tumble dry or in a dryer possible with low program
