SYSTEM

Multipurpose polypropylene trolley, modular and customisable to meet every cleaning need
Ideal for high-performance professional cleaning in environments where the material should be kept safely in the trolley

GREEN BOX

Components made with certified recycled plastic PSV - Plastic Second Life

Efficient: avoids subjectivity of the operator when dosing, preventing waste of water and cleaning solution

Carbon Footprint Systematic Approach: greenhouse gas emissions for each stage of the life cycle of this product have been calculated with ICMQ certified software*

Quantifying the Carbon Footprint of a product (CFP) enables an environmentally conscious and responsible choice

*Dosage not included in product Carbon footprint (CFP)

Eco-friendly: made of polypropylene, stainless, robust and completely recyclable
Sustainable: reduces the consumption of chemicals and water thanks to the on demand and horizontal soaking that humidifies only the cleaning fibre

Advantages

- **Total control:** reduces subjectivity of the operator allowing total control of the dosage
- **Effective:** the cleaning solution is protected in a hermetic tank that keeps intact the active ingredients of the chemical
- **Versatile:** allows you to adapt the moistness of the mop to the size of the area to be cleaned and the type of floor
- **Touch-free:** touch-free detaching system allows mops to be removed without contact
- **Hygienic:** the plastic frames separate the trolley modules avoiding contamination between the washing, storage and waste collection area
- **Shock-resistant:** polypropylene, naturally stainless and elastic, guarantees shockproof performance
- **Modular:** components and accessories allow you to customize the trolley for every need, making it easy to update or repair at any time
- **Easy to maintain:** the smooth surfaces and the absence of cavities facilitate cleaning and guarantee a high level of hygiene
- **Highest safety:** key system to manage safely the trolley
- **Discrete:** the soft closing lid assures a noiseless moving
- **Customisable:** the panels of the trolley can be customized with decorative motifs, advertising or with the image of the cleaning company to make the trolley a means of communication

Material

Polypropylene

Packaging: [click here to see the environmental labelling of packaging](#)

Features

Magic System configurations designed in order to meet the needs of those who need an integrated washing system. They are equipped with 4 L colour coded buckets with transparent lids and 125 mm wheels
