SYSTEM

Flat mop system with flaps, to be used with roll, jaw or flat wringer
Ideal for a professional cleaning with the highest ergonomics

GREEN BOX

Efficient: the flat mop has a larger cleaning surface area than traditional "kentucky mops", combined with TTS microfibre mops it removes dirt and bacteria efficiently and sustainably with less cleaning solution required

Advantages

- **Ergonomic:** the joint facilitates the "∞" movement reducing training time
- **Efficient:** designed to reduce operator's strain, increasing productivity
- **Handy:** reduces wrist movements by 75% in comparison with traditional systems, preventing the onset of occupational injuries
- **Handy:** the handle is designed to offer 360 ° rotation, ensuring maximum ergonomics to the operator
- **Safe:** the upper twisting handle locks with a click, allowing you to rest the tool safely on the wall
- **Comfortable:** the rubber inserts ensure an effective, stable and comfortable grip
- **Lightweight:** the system is lightweight, which reduces operator's strain
- **Easy:** the hook system of the mop eliminates unnecessary bending of the operator
- **Time-saving:** closing system of the frame through pedal
- **Easy to maintain:** cleaning of the tool is very easy and fast

Material

Handle: aluminum, polypropylene and rubber - Frame: polyamide, fiberglass
