SYSTEM

Hotel trolley with handling system to facilitate cleaning operations
Ideal for safe transport and under heavy loads, even on slopes

Advantages

- **Maximum power:** carries up to 150 kg without the effort of pushing and it is effective even on slopes up to 8%, even fully loaded
- **Ergonomic:** reduced effort and protection of the operator's health
- **Efficient:** Simpler and faster operations with increased productivity
- **Handy:** intuitive and easy to use, allows you to operate in maximum safety
- **Handy:** easy handling, it faces any type of flooring
- **Customisable:** forward speed adjustable according to specific needs
- **Safe:** Reverse speed control to ensure maximum safety
- **High autonomy of use:** the lithium battery ensures an autonomy of use up to 8 hours
- **Elegant:** pleasant design, ideal for any environments
- **Shock-resistant:** polypropylene, naturally stainless and elastic, guarantees shockproof performance
- **Easy to maintain:** the smooth surfaces and the absence of cavities facilitate cleaning and guarantee a high level of hygiene

Material

Polypropylene - Console: ABS - Engine kit structure: painted sheet metal

Features

USB port to charge mobile devices such as tablets and mobile phones
 ø 200 mm rubber wheels
