SYSTEM

Multipurpose polypropylene trolley, modular and customisable to meet every cleaning need
Ideal for cleaning medium-large areas where it is necessary to rinse the mop

GREEN BOX

Components made with certified recycled plastic PSV - Plastic Second Life

Efficient: suitable for removing wet, greasy or stubborn dirt in areas where rinsing is required, separates the cleaning solution from the rinsing water and is equipped with colour-coded buckets made from 50% recycled plastic

Carbon Footprint Systematic Approach: greenhouse gas emissions for each stage of the life cycle of this product have been calculated with ICMQ certified software
Quantifying the Carbon Footprint of a product (CFP) enables an environmentally conscious and responsible choice

Eco-friendly: completely made of polypropylene, non-rusting, solid and entirely recyclable

Advantages

- **Hygienic:** the plastic frames separate the trolley modules avoiding contamination between the washing, storage and waste collection area
- **Shock-resistant:** polypropylene, naturally stainless and elastic, guarantees shockproof performance
- **Modular:** components and accessories allow you to customize the trolley for every need, making it easy to update or repair at any time
- **Easy to maintain:** the smooth surfaces and the absence of cavities facilitate cleaning and guarantee a high level of hygiene
- **Highest safety:** key system to manage safely the trolley
- **Discrete:** the soft closing lid assures a noiseless moving
- **Customisable:** the panels of the trolley can be customized with decorative motifs, advertising or with the image of the cleaning company to make the trolley a means of communication

Material

Polypropylene

Packaging: [click here to see the environmental labelling of packaging](#)

Features

Magic Line configurations designed in order to meet the needs of those who need a washing system with wringer. They are equipped with 4 L colour coded buckets and 100 mm wheels
