SYSTEM

Multipurpose polypropylene trolley, modular and customisable to meet every cleaning need
Ideal for high-performance professional cleaning in environments with two different degrees of risk, where the material should be kept safely in the trolley and when you need a space-saving trolley thanks to the foldable bag holder

GREEN BOX

Components made with certified recycled plastic PSV - Plastic Second Life

Equipped with buckets with recycled plastic components

Carbon Footprint Systematic Approach: greenhouse gas emissions for each stage of the life cycle of this product have been calculated with ICMQ certified software
Quantifying the Carbon Footprint of a product (CFP) enables an environmentally conscious and responsible choice

Eco-friendly: completely made of polypropylene, non-rusting, solid and entirely recyclable

Advantages

- **Hermetic closure:** buckets with hook system between bucket and lid and a special gasket that ensure an airtight seal
- **Hygienic:** the plastic frames separate the trolley modules avoiding contamination between the washing, storage and waste collection area
- **Shock-resistant:** polypropylene, naturally stainless and elastic, guarantees shockproof performance
- **Modular:** components and accessories allow you to customize the trolley for every need, making it easy to update or repair at any time
- **Easy to maintain:** the smooth surfaces and the absence of cavities facilitate cleaning and guarantee a high level of hygiene
- **Highest safety:** key system to manage safely the trolley
- **Discrete:** the soft closing lid assures a noiseless moving
- **Customisable:** the panels of the trolley can be customized with decorative motifs, advertising or with the image of the cleaning company to make the trolley a means of communication

Material

Polypropylene

Packaging: [click here to see the environmental labelling of packaging](#)
